

STRATEGIC SOURCING

SOURCING CONSULTING

Unotea: the custom-fit service for tea professionals

”

Sourcing is one of Daoan Consulting's core competency. We blend our technical know-how with a wide spread network in China to drive convincing results in cost optimization and in a comprehensive product range.

We will assist you to reach your most complex or constrained strategic sourcing challenges. Our process begins with data collection and market research and includes negotiations with suppliers. We help develop a sourcing strategy, design and implement agreements which result and lay the foundation for a new optimized supply structure.

Daoan Consulting is specialized in the Chinese market which has become a critical sourcing country for the success of our clients. Our sourcing consulting services contribute to optimize the supply chain of our clients, control the risks and make sourcing in China convenient and more efficient.

BENEFITS

China based
International team
custom-fit services

Among our sourcing services:

”

Unotea guarantees the freshness of the tea together with its market value. Upon our clients' request, we can implement ad-hoc control process in gardens and farms to ensure the quality of the leaves throughout the processing, blending and packaging. Unotea is originally specialized in teas from Yunnan Province of China, our know-how goes from brand name, small label to special production. Our sourcing services aims at covering our clients' complete portfolio, from tea leaves, to tea accessories and decorations.
